

OMA's June 2007 total passenger traffic increases 24.5%

- Domestic traffic jumps 30.2%

Monterrey, NL, Mexico, July 9, 2007—Mexican airport operator Grupo Aeroportuario del Centro Norte, S.A.B. de C.V., known as OMA, reports that total passenger traffic (terminal passengers) at its 13 airports reached 1.2 million in June 2007, an increase of 24.5% compared to June 2006, driven by a 30.2% increase in domestic traffic. The airports with the most significant increases were Monterrey, Culiacán, Ciudad Juárez, Chihuahua, and Mazatlán.

Domestic traffic in June 2007 totaled 975,092 passengers, an increase of 30.2% compared to the prior year. Twelve of our airports reported growth in domestic passenger traffic as a result of the performance of the new airlines at our airports, and the entrance of Click Mexicana, Aerolitoral and Alma to the Reynosa airport. The suspension of operations of Líneas Aéreas Azteca on March 26, 2007 affected traffic at the Zacatecas airport.

International traffic totaled 175,533 passengers in June 2007, a 0.2% reduction compared to June 2006. The Mazatlán and Culiacán airports recorded the most significant increases. The decrease in the frequency of some scheduled flights and the cancellation of some routes affected international traffic at the airports at Acapulco, Durango and Monterrey.
