

## AERUS announces new route from Monterrey Airport to Reynosa, Tamaulipas

- Aerus airline will offer four weekly frequencies between Monterrey and Reynosa.

**Monterrey, Nuevo Leon, June 28, 2023.**- OMA Monterrey Airport, in conjunction with Aerus and Secretaría de Turismo de Nuevo Leon, announces the start of operations for a new route departing from terminal "B" of Monterrey International Airport to Reynosa, Tamaulipas starting from July 3, 2023. The operating days will be Mondays, Wednesdays, Fridays and Sundays.

Aerus is the airline with the youngest fleet in México, which has quickly positioned itself as one of the most punctual airlines in the region, provides the fastest boarding and disembarking service in the Mexican aviation industry, allowing passengers to arrive up to 20 minutes before their flights departure.

One of the airline's main premises is to operate with the highest standards of safety, reliability and quality in service.

Aerus will experience significant growth in operations, starting from July 3, 2023, it will be operating a total of 11 domestic routes, 7 of them will be non-stop direct routes and 4 routes with one stopover. The direct routes are: Monterrey- Reynosa, Monterrey- Piedras Negras, Monterrey- Matamoros, Matamoros- Tampico, Reynosa- Tampico, Veracruz- Tampico and Veracruz- Villahermosa. The routes with a stopover are: Veracruz- Reynosa, Veracruz- Matamoros, Monterrey- Tampico and Tampico- Villahermosa.

"Aerus is an example of growth and innovation. With the direct flight to Reynosa, they now have a total of 11 routes that will be operating starting from July, this helps us enhance the attraction of visitors to Nuevo Leon, which is great for the destination. Monterrey has established itself as a business destination, a visitor profile that Aerus serves very well, and we know they will come to enjoy this dreamland ". Added Maricarmen Martínez Villarreal, Secretary of Tourism of the State.

"We are pleased to provide more air routes to the residents of Monterrey, Reynosa, and other regions to further strengthen our value proposition as a tool for entrepreneurs, professionals, and the general population, providing services with the highest standards of safety, quality, accessibility, and comfort ". Commented Javier Herrera, CEO of Aerus.

"We are committed to diversifying air connectivity in collaboration with airlines to drive the regional market through a comfortable and accessible mobility offering for passengers ". Commented Ricardo Dueñas, CEO of OMA.

Tickets can now be purchased through the website [www.flyaerus.com](http://www.flyaerus.com), travel agencies, and major online travel agencies (OTAs).

Looking ahead to the coming years, AERUS plans to add Cessana SkyCourier aircraft with a capacity of 19 passengers to its portfolio. It also projects to have national presence covering different domestic and international routes by 2023.

#### About AERUS.

Aerus is a Mexican regional airline operating in the northeast and southeast regions of Mexico, covering domestic routes and later expanding to international destinations. Aerus is headquartered in Monterrey (Monterrey International Airport, Mariano Escobedo) and boasts the youngest fleet in Mexico. By 2030, the airline plans to cover 100% of the national territory with domestic flights and offer a variety of international routes.
