

## **Sustainability Policy**

Contribute to the well-being and satisfaction of our employees and their families, clients, shareholders and economic partners, through the development of airports with infrastructure and quality services based on:

- ***Respect for human rights;***
- ***The mitigation of the environmental impact of our operations;***
- ***The management and reduction of controlled greenhouse gas emissions;***
- ***Caring for the quality of life at work;***
- ***The balance in the use of economic, social and environmental resources, preserving them for the future generations.***

Likewise, collaborate for the socioeconomic development of the communities surrounding our airports.

A stylized signature in purple ink, consisting of a large, sweeping loop followed by a smaller, more detailed flourish.

**Ing. Raful Raful Zacarías Ezzat**

Director of Operations and Airports
